

About CREW Northern Colorado

As part of CREW Network, the industry's premier networking coalition, CREW Northern Colorado is dedicated to transforming the commercial real estate industry by advancing women globally. Since 2006 CREW Northern Colorado has connected commercial real estate professionals in Larimer and Weld County with monthly networking events and powerful presentations. The chapter originally started with 10 members and today has over 85 members in various disciplines. CREW Northern Colorado may be a young chapter, but we are rapidly growing and building relationships along the Front Range. Reach out to a CREW member today and discover the business networking and deal making strengths our organization provides!

Our Membership

YEARS OF EXPERIENCE

CRE SPECIALTIES

Our members represent every discipline of the CRE industry including:
